

EVENT SECURITY PLAN

Template — for completion per event

Event Name	<i>[e.g. Client name / event title]</i>
Client / Principal(s)	<i>[]</i>
Plan Owner (CP Lead)	<i>[]</i>
Version	<i>[v0.1]</i>
Date Issued	<i>[DD Month YYYY]</i>
Issued To	<i>[]</i>
Classification	<i>[CLIENT CONFIDENTIAL — delete as appropriate]</i>

HOW TO USE THIS TEMPLATE

- Duplicate this file for every new event before you start filling it in. Keep the blank master untouched.
- Every bracketed line [] is a field — delete the bracketed prompt text and type the answer.
- Delete any section that genuinely does not apply to this event. Do not leave a section half-answered — mark it "N/A" with a one-line reason instead.
- Once complete, export/save as PDF and upload it under Event Security → Venue Plans & Documents for the relevant Operation in the Close Protection app. Keep the filled version out of any shared or public repository.
- This template is deliberately generic. Sections 9–12 (Appendices) are standing reference checklists — review and tailor them to the specific threat picture rather than reading them as complete guidance.

APPENDIX A — HOSTILE / ARMED ATTACK: IMMEDIATE ACTIONS

Standing reference checklist. Confirm against current threat assessment before each deployment.

- Brief the team on Run, Hide, Tell / equivalent civilian guidance for public-facing staff and attendees.
- Confirm CP team actions-on for principal extraction versus lockdown, and the decision-maker for each.
- Confirm rally points, casualty collection point, and who calls 999/emergency services.
- Confirm hand signals / codewords for a silent alert.

APPENDIX B — PROTESTOR ATTACHMENT DEVICES ("LOCK-ONS")

Standing reference checklist.

- Do not attempt forcible removal of anyone attached to a structure or another person.
- Isolate and contain the area; hand over to trained removal specialists / police as required.
- Consider health, safety and human rights obligations before any intervention.

APPENDIX C — SUSPICIOUS SUBSTANCE / CORROSIVE ATTACK

Standing reference checklist.

- Do not touch or attempt to identify an unknown substance.
- Isolate the area, evacuate upwind/uphill, and call emergency services immediately.
- Identify and preserve any casualty details and witness accounts for handover.

APPENDIX D — SCREENING & SEARCH: LEGAL BASIS AND CONSENT

Standing reference checklist.

- Confirm screening is on a consent basis and attendees have been notified in advance (event notice / signage).
- Confirm the right to refuse and the consequence of refusal (e.g. denied entry) is clearly communicated.
- Same-gender searching arrangements confirmed and staffed.
